

Scholarship Program

There are three ways to make a substantial impact on area students through the Hartford Foundation:

1. With a gift of \$50,000 you can create an **Individual Scholarship Fund** and name specific selection criteria for your scholar. The Foundation can help you decide how to participate in reviewing, or nominating, potential recipients. We will also handle scholarship distributions and renewal applications, and help you communicate with your scholar if you choose.
2. You can contribute any amount to the **Hartford Foundation's General Scholarship Endowment Fund** or create a named fund with a gift of \$10,000 or more. Contributions are invested in our broadly diversified portfolio and the Fund makes four-year scholarship awards – currently of \$3,000 – to residents of Greater Hartford.
3. You can contribute any amount to the **Community College Scholarship Endowment Fund** or create a named fund with a gift of \$10,000 or more. Contributions are invested in our broadly diversified portfolio and the Fund makes three-year scholarship awards of increasing amounts. Currently, the awards are for graduating high school seniors or adult learners attending a community college within the Greater Hartford region.

A college education is more important than ever in today's economy, and more expensive than ever.

In 2023, the Hartford Foundation provided more than \$1.5 million in meaningful scholarship support to more than 600 students through our scholarship program.
