Independent Auditors' Report

To the Board of Directors
Hartford Foundation for Public Giving

We have audited the accompanying financial statements of Hartford Foundation for Public Giving, which comprise the statements of financial position as of December 31, 2014 and 2013, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Hartford Foundation for Public Giving as of December 31, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of operating activity, grants, net asset balances, and donations and bequests are presented for the purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

HARTFORD FOUNDATION FOR PUBLIC GIVING NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE FOUNDATION

Hartford Foundation for Public Giving (the Foundation) is a community foundation serving the Greater Hartford area. As a community grantor, the Foundation accepts applications from not-for-profit organizations and agencies in need of financial assistance. The Foundation's affairs, including its grant making, are governed by a nine-member Board of Directors.

The financial statements of the Foundation include the combined accounts of the various funds held in trust for, or by, the Foundation and the assets of HFPG, Inc., and HFPG Special Assets, Inc. (exempt not-for-profit corporations), component organizations whose purpose is substantially identical to the Foundation and whose Board members are also members of the Board of the Foundation. HFPG, Inc., and HFPG Special Assets, Inc., were established to provide the Foundation greater flexibility in receiving donations and managing investments. HFPG, Inc., had total assets of \$379,530,063 and \$365,117,581 and net assets of \$354,309,298 and \$343,377,065 as of December 31, 2014 and 2013, respectively. HFPG Special Assets, Inc., was organized on February 10, 2005. HFPG Special Assets, Inc., had no net assets as of December 31, 2014 and 2013.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Presentation - The Foundation prepares its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Accordingly, the accounts of the Foundation are reported in the following categories:

Unrestricted Net Assets - These net assets are defined as assets that are free of donor-imposed restrictions and include all investment income and appreciation not subject to donor-imposed restrictions.

Temporarily Restricted Net Assets - These net assets include contributions, unconditional promises to give and other inflows of assets whose use by the Foundation is limited by donor-imposed stipulations that either expire by the passage of time or can be fulfilled and removed by actions of the Foundation. This classification includes investment income and appreciation, which can be expended but for which restrictions have not yet been met. Included in the temporarily restricted net assets are charitable remainder trusts, a charitable lead trust, pooled income funds and contributions receivable. This classification also includes accumulated investment income and gains on donor-restricted endowment assets that have not been appropriated for expenditure.

Permanently Restricted Net Assets - These net assets include the historic dollar value (fair market value at time of the gift) of contributions and other inflows of assets whose use by the Foundation is limited by donor-imposed stipulations that neither expire by the passage of time nor can be fulfilled or otherwise removed by actions of the Foundation. The Foundation does not have any permanently restricted net assets as of December 31, 2014 and 2013, as described in Note 5.

NOTES TO FINANCIAL STATEMENTS**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Endowment Fund Management and Variance Power - To ensure observation of limitations and restrictions placed on the use of resources available to the Foundation, the accounts of the Foundation are managed as individual charitable funds according to their nature and purpose. Endowment funds are subject to the restriction of the gift instruments. Funds consist of the assets held in trust for, or by, the Foundation, the assets of HFPG, Inc., and certain other funds. The endowment assets held subject to the Foundation's Resolution and Declaration of Trust and subject to HFPG, Inc.'s Certificate of Incorporation are intended by the Board of Directors to be treated similarly for accounting and legal purposes. Such endowment and other funds are subject to both variance power (the unilateral power, pursuant to federal regulations, to modify any restriction or condition if it becomes, in effect, unnecessary, incapable of fulfillment or inconsistent with the charitable needs of the community) and limited invasion of corpus power. The Foundation's and HFPG, Inc.'s governance documents describe the criteria and limited circumstances under which these powers would be exercised.

Gifts and bequests received by the Foundation are accounted for and managed for endowment recordkeeping in certain categories described below:

Endowment - The Foundation's endowment funds consist of original assets and undistributed investment return on endowment funds. The Foundation makes distributions of investment return (i.e., interest, dividends and appreciation or depreciation) from these funds in accordance with the spending formula and subject to the Resolution and Declaration of Trust.

Other - Other funds consist of the Foundation's operating funds for grants and administration, plant funds, charitable gift annuities, charitable remainder trusts, pooled income funds, amounts internally designed for future grant making, and certain unspent investment return from designated and donor-advised funds.

Agency Endowments - The Foundation receives and distributes assets under certain agency endowments with unrelated organizations. Amounts received and distributed under these relationships totaled \$-0- and \$372,554 respectively, in 2014 and \$-0- and \$87,242 respectively, in 2013.

The amounts held but not yet distributed totaled \$3,506,946 and \$3,136,354 at December 31, 2014 and 2013, respectively, and are included on the statements of financial position in agency endowments. In accordance with the policy adopted by the Board of Directors, the Foundation does not accept contributions that would establish a new agency endowment fund.

Cash - The Foundation maintains deposits in financial institutions that may, at times, exceed federal depository insurance limits. Management believes that the Foundation's deposits are not subject to significant credit risk.

HARTFORD FOUNDATION FOR PUBLIC GIVING
NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized and unrealized appreciation (depreciation) on investments and other assets includes the Foundation's gains and losses on investments bought and sold as well as held during the year.

Bank of America, the trustee bank, holds all the investments for the trusts established on behalf of the Foundation in a variety of investment vehicles, including mutual funds and separate accounts. Trust Company of Connecticut, a division of First Niagara Bank, is also named a trustee bank. All of the investments of HFPG, Inc., are held in a variety of investment vehicles, including mutual funds and separate accounts, held in custody by BNY Mellon N.A. and State Street Bank and Trust Company of Boston, Massachusetts.

Donated Assets - Donated marketable securities and other assets are recorded as contributions at their estimated fair values as of the date of donation.

Property and Equipment - Property and equipment are stated at cost and depreciated using the straight-line method over their estimated useful lives, which range from 3 to 10 years. The Foundation follows the practice of capitalizing all expenditures for capitalizable property and equipment in excess of \$1,000.

Contributions - The Foundation accounts for its contributions received as follows:

Contributions Received - Unconditional promises to give that are expected to be collected within one year are recorded at their net realizable value. Promises to give that are scheduled to be received after the fiscal year-end are shown as temporarily restricted support and reclassified to unrestricted net assets when the time restriction is met. Contributions whose restrictions are met in the same fiscal year are recorded as unrestricted support. Conditional promises to give to the Foundation are not included as support until such time as the conditions are substantially met.

Split-Interest Agreements - The Foundation's split-interest agreements with donors consist of charitable gift annuities, charitable remainder annuity trusts, charitable remainder unitrusts, a charitable lead annuity trust and pooled income funds. Assets recognized under split-interest agreements are recorded at fair value. Assets are invested and payments are made to donors and/or other beneficiaries in accordance with the respective agreements. The present value of payments to beneficiaries under these arrangements is calculated using discount rates ranging from 2% to 8%. Such rates represent risk-free rates in existence at the date of gift. Gains or losses resulting from changes in actuarial assumptions and accretions of the discount are recorded as increases or decreases in the value of split-interest agreements in the statements of activities.

HARTFORD FOUNDATION FOR PUBLIC GIVING
NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Donations relating to split-interest agreements of \$518,797 in 2014 and \$375,878 in 2013 were recognized as temporarily restricted support.

During December 31, 2014 and 2013, several split-interest agreement income beneficiaries passed away, and the remaining assets, totaling \$171,815 and \$7,705, respectively, reverted to the Foundation.

Bequests - Bequests are recorded as support when all events required for the transfer of the assets from the estate of the donor to the Foundation have occurred and the probate court has issued an order to transfer.

Funds Transferred Out - Funds transferred out includes \$2,921,330 representing an amount authorized by the Board to close a fund and transfer the balance back to the original contributing foundation, at their request, to support their scholarships and administrative expenses.

Fundraising Expenses - Fundraising expenses were \$978,197 and \$911,340 for the years ended December 31, 2014 and 2013, respectively, and are included in operating expenses in the statements of activities.

Income Taxes - The Foundation is exempt from federal and state income taxes under Section 501(c)(3) as an organization other than a private foundation; however, the Foundation is subject to federal income tax on any unrelated business taxable income. The Foundation's informational and tax returns for the years ended December 31, 2011 through 2014 are subject to examination by the Internal Revenue Service and the State of Connecticut.

Measure of Operations - The Foundation's measure of operations, as presented, includes all changes in net assets except for realized and unrealized appreciation on investments.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties - The Foundation invests in a variety of investments, including debt and equity securities, and alternative investments. These investments are exposed to interest rate, market, credit and other risks depending on the nature of the specific investment. Accordingly, it is at least reasonably possible that these factors will result in changes in the value of the Foundation's investments that could materially affect amounts reported in the financial statements.

Reclassifications - Certain amounts reported in prior periods have been reclassified in order to conform to the current year presentation.

Subsequent Events - In preparing these financial statements, management has evaluated subsequent events through April 8, 2015, which represents the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 - PROPERTY AND EQUIPMENT

The components of property and equipment as of December 31, 2014 and 2013, are summarized as follows:

	2014	2013
Buildings and improvements	\$ 576,777	\$ 554,575
Furniture and equipment	433,359	413,823
	1,010,136	968,398
Less accumulated depreciation	702,290	650,698
	\$ 307,846	\$ 317,700

Depreciation expense of \$78,705 and \$72,332 was recognized for the years ended December 31, 2014 and 2013, respectively.

NOTE 4 - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

HARTFORD FOUNDATION FOR PUBLIC GIVING
NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. When, as a practical expedient, an investment is measured at fair value on the basis of net asset value, its classification as Level 2 or 3 will be impacted by the ability to redeem the investment at net asset value at the measurement date. If there is uncertainty or the inability to redeem an investment at net asset value in the near term subsequent to the measurement date, the investment is categorized as Level 3.

Financial Instruments Measured at Fair Value - The following is a description of the valuation methodologies and investment strategies used for assets measured at fair value:

Equity - Certain equity is valued at the closing price reported in the active market in which the individual securities are traded. Other equity is valued using the net asset value as reported by the investment manager of the fund. This net asset value is based on the fair value of the underlying assets and liabilities of the related fund at the measurement date. This investment class seeks to provide long-term capital appreciation. Equity managers are selected with the objective of building a portfolio that is diversified by geographic region, economic sector, industry and market capitalization. The objective in selecting equity managers is to generate average annual compounded returns that exceed the relevant broad market indices (i.e., the S&P 500, the Russell 1000, MSCI EAFE and MSCI World), net of fees, over full market cycles (5-10 years). The redemption period for these investments ranges from daily to monthly with 30 days' written notice.

Fixed Income - Certain fixed income is valued at the closing price reported in the active market in which the individual securities are traded. Other fixed income is valued based on yields currently available on comparable securities of issuers with similar durations and credit ratings. This investment class seeks to provide current income from a broad range of U.S. and global fixed income securities, be an important source of liquidity for distribution for current expenses and create some measure of diversification. The redemption period for these investments ranges from daily to quarterly with 15 days' written notice.

Alternative Investments - The following alternative asset strategies include investments in absolute return vehicles, private equity fund-of-funds and real assets:

Absolute Return Strategies - Interests in absolute return strategies are valued using net asset values as determined by the investment manager of the fund. This net asset value is based on the fair value of the underlying assets and liabilities of the related fund at the measurement date. Absolute return strategies tend to be both flexible and opportunistic. They incorporate a diverse array of investment strategies including, but not limited to, long/short equity, distressed fixed income, and event-driven and relative value strategies, by investing globally in traditional and alternative assets. They seek to maximize real (after-inflation) return and incorporate differentiated drivers of return compared to traditional

HARTFORD FOUNDATION FOR PUBLIC GIVING
NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

investment strategies. As a result, they are expected to produce returns that exhibit relatively low correlation to broad market indices over longer time horizons. The managers' underlying investments may themselves be less liquid, but the investment cycle is substantially shorter than for private equity. The redemption period for these investments ranges from daily to three years with 100 days' written notice.

Private Equity - Interests in private equity are valued using net asset values as determined by the investment manager of the fund. This net asset value is based on the fair value of the underlying assets and liabilities of the related fund at the measurement date. The primary objective of these investments is to produce over their economic horizons an annualized return net of all costs that exceeds the annualized return produced over the same time period by the broad U.S. stock market. Their secondary objective is to produce these returns in a manner that will cause the volatility of the Foundation's total portfolio to be lower than would be the case if capital committed to these funds were instead invested in an index fund that attempts to track the broad U.S. stock market. The funds seek to achieve these objectives by investing either directly in or via secondary purchases of privately offered funds that employ venture capital and buyout strategies. These investments are deemed to be illiquid.

Real Assets - Interests in real assets are valued using net asset values as determined by the investment manager of the fund. This net asset value is based on the fair value of the underlying assets and liabilities of the related fund at the measurement date. To help guard against inflation risk, the Foundation invests in real assets that are normally expected to rise in value as inflation fears rise and actual inflation increases. The objective of this investment is to provide long-term total return in excess of an equal-sector-weighted version of the S&P Goldman Sachs Commodity Index, by investing in commodity-related instruments. The redemption period for these investments is monthly.

Cash Equivalents - Cash equivalents are valued at the quoted net asset value of shares held by the Foundation at year end.

Split-Interest Agreements - Fair value inputs used for split-interest agreements are based on the estimated present value of the future payments to the Foundation, which is considered to be the fair value of the assets held in trust.

Other Investments - Included in other investments is real estate received through donation. This investment is presented at its estimated fair value as determined by independent appraisals.

Annuity Liability - The fair value of the annuity liability is based on the mortality table.

There have been no changes in the methodologies used at December 31, 2014 and 2013.

HARTFORD FOUNDATION FOR PUBLIC GIVING
NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Foundation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Foundation's assets and liabilities at fair value as of December 31, 2014 and 2013:

HARTFORD FOUNDATION FOR PUBLIC GIVING NOTES TO FINANCIAL STATEMENTS

NOTE 5 - ENDOWMENT

Hartford Foundation for Public Giving endowment consists of approximately 1,000 individual funds established for a variety of purposes. Its endowment includes both donor-restricted endowment funds and funds designated by the Board of Directors to function as endowments. Net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law - The Board of Directors of the Foundation has interpreted the Connecticut Prudent Management of Institutional Funds Act (CTPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation would classify as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets would be classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by CTPMIFA. In accordance with CTPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purposes of the organization and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of the organization
- The investment policies of the organization

In accordance with the provisions, donor-restricted endowment funds subject to the limited invasion of corpus over time may be an endowment fund within the meaning of CTPMIFA, but is not a permanent endowment fund subject to classification as permanently restricted net assets. A significant portion of the Foundation's endowment funds, as authorized under the Foundation's governing documents and gift instruments, are held subject to both variance power and limited invasion of corpus power and, as such, are classified as temporarily restricted net assets.

NOTE 5 - ENDOWMENT (Continued)

Amounts classified as temporarily restricted net assets (endowment only) at December 31, 2014 and 2013, are as follows:

	2014	2013
Temporarily restricted net assets:		
Endowment funds subject to time restriction	\$ 862,804,715	\$ 857,284,145
Charitable remainder trusts, charitable lead trust, pooled income funds and contributions receivable	7,565,862	7,549,814
Total Endowment Funds Classified as Temporarily Restricted Net Assets	\$ 870,370,577	\$ 864,833,959

Spending Formula - With a few exceptions, all funds are managed in accordance with a spending formula based upon the total return concept, which emphasizes total investment return, consisting of investment income and realized and unrealized gains and losses. There are certain funds that, based upon donor's intent, are not considered in this spending formula. Under this spending formula, a distribution of investment return is provided for program support that is independent of the cash yield and appreciation of investments in that year. The Foundation has adopted this spending formula designed specifically to stabilize annual spending levels and to preserve the real value of the fund portfolio over time.

The Foundation's spending policy limits spending to 5% of the 20-quarter trailing average, subject to a floor of 4.25% of current assets and a ceiling of 5.75% of current assets. The Board of Directors continues to examine the limit on spending. The Foundation does not consider appreciation or depreciation on endowment investments as a component of its operations as presented in the statements of activities. Total investment gains (i.e., investment income net of all investment fees, net realized and unrealized gains or losses on investments, and change in value of split-interest agreements) totaled approximately \$31.4 million and \$138.8 million for the years ended December 31, 2014 and 2013, respectively.

Funds with Deficiencies - From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the historic dollar value as referenced in CTPMIFA. Funds with deficiencies of this nature were \$56,045 and \$47,871 as of December 31, 2014 and 2013, respectively. These deficiencies resulted from unfavorable market fluctuations that occurred shortly after the investment of new contributions and continued appropriation for certain programs that was deemed prudent by the Board of Directors.

HARTFORD FOUNDATION FOR PUBLIC GIVING
NOTES TO FINANCIAL STATEMENTS

NOTE 5 - ENDOWMENT (Continued)

Return Objectives and Risk Parameters - The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the organization must hold in perpetuity or for a donor-specified period(s) as well as board-designated funds. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to produce results that exceed the Foundation's long-term spending needs adjusted for inflation while assuming a moderate level of investment risk. The Foundation expects its endowment funds, over time, to provide an average rate of return of approximately 8% annually. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives - To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places a greater emphasis on equity investments to achieve its long-term return objectives within prudent risk constraints.

NOTE 6 - ANNUITY CONTRACT AND RETIREMENT BENEFIT PAYABLE

The Foundation established a 457(b) Deferred Compensation Plan for the benefit of a former employee and funded the plan over a period of two years and is the sole owner of the assets of the plan. Distributions will be made upon request by the former employee, but no later than April 1st of the calendar year following the calendar year in which the former employee attains age 70-1/2.

The Foundation established a 457(b) Deferred Compensation Plan for the benefit of a current employee and funds the plan annually and is the sole owner of the assets of the plan. Distributions will be made upon severance from employment, but no later than April 1st of the calendar year following the calendar year in which the employee attains age 70-1/2.

The Foundation also established a 457(f) nonqualified Deferred Compensation Plan for the benefit of a current employee and funds the plan annually and is the sole owner of the assets of the plan. Upon termination of employment or disability, if the participant does not violate the terms of the agreement, the amount credited to the account shall be payable in two installments. The first payment shall be made one year after the participant's last day of employment with the Foundation and shall equal one half of the balance in the account as of that date. The second payment shall be made two years after the participant's last day of employment with the Foundation and shall be equal to the remaining balance in the account.

The amounts funded and the liability accrued for these plans are recorded in other assets and other liabilities on the statements of financial position.

NOTE 7 - GRANTS

Grants are recorded as expenses when authorized by the Board of Directors and committed to a specified recipient and all material conditions have been satisfied by the recipient.

As of December 31, 2014 and 2013, grants payable are committed as follows:

	<u>2014</u>	<u>2013</u>
Due within one year	\$ 22,220,009	\$ 17,747,016
Due in one to five years	<u>6,731,559</u>	<u>5,824,609</u>
	<u>\$ 28,951,568</u>	<u>\$ 23,571,625</u>

For the years ended December 31, 2014 and 2013, the Foundation cancelled previously authorized grants of \$643,328 and \$409,209, respectively. Grant cancellations are recorded in other revenues in the statements of activities.

NOTE 8 - GRANTS AND CONTRACTS

The Foundation, on behalf of Connecticut Voices for Children, entered into a personal service agreement with the State of Connecticut Department of Social Services in 2004 for the purpose of monitoring and reporting on the HUSKY program. Associated with this contract, the Foundation received \$260,065 and \$153,300 for the years ended December 31, 2014 and 2013, respectively.

Expenditures under the contract were \$416,100 and \$208,050 for the years ended December 31, 2014 and 2013, respectively.

NOTE 9 - RELATED PROGRAM ACTIVITIES AND FOUNDATION ADMINISTERED PROJECTS

The financial statements include certain funds that the Foundation manages on behalf of several special projects and a related organization. As of December 31, 2014 and 2013, the net assets of these funds totaled \$232,189 and \$250,065, respectively. Contributions recognized on behalf of the related organization were \$244,067 and \$295,936 for the years ended December 31, 2014 and 2013, respectively.

**HARTFORD FOUNDATION FOR PUBLIC GIVING
NOTES TO FINANCIAL STATEMENTS**

NOTE 9 - RELATED PROGRAM ACTIVITIES AND FOUNDATION ADMINISTERED PROJECTS (Continued)

Related program activities represent the activities of certain special projects and related organizations for which the Foundation provides certain administrative support. The special projects and the related organization, and their costs, are as follows:

	2014		2013
Special projects:			
Nonprofit Support Program	\$ 1,235,863	\$	1,186,906
Brighter Futures Initiative	599,570		554,208
Community Schools Initiative	366,133		522,768

Related organization:			
Hartford Area Childcare Collaborative	325,114		318,001
	2,526,912	\$	2,582,375

The costs of these activities are charged to the funds and are reflected as related program activities on the statements of activities. Certain other allocable expenses are included in grants authorized.

NOTE 10 - FUNDING FOR FUTURE INITIATIVE

In 1990, the Foundation established the Brighter Futures Initiative for services to Hartford's pre-school children. In November 2010, the Board approved to continue the Brighter Futures Initiative for five years with a \$10 million commitment beginning January 1, 2011, at approximately \$2 million per year. Grants totaling \$2,216,271 and \$1,533,779 were authorized for the years ended December 31, 2014 and 2013, respectively.

NOTE 11 - EMPLOYEE BENEFITS

The Foundation sponsors a noncontributory defined contribution employee benefit plan in which the Foundation makes contributions based on each employee's level of compensation at the discretion of the Foundation's Board of Directors. For the years ended December 31, 2014 and 2013, the Board authorized contributions to the plan at the rate of 10% of each eligible employee's compensation. An employee must have at least one year of service to be eligible for the plan. Employees are immediately 100% vested in the Foundation's contributions. The Foundation contributed \$457,887 and \$447,644 to the plan for the years ended December 31, 2014 and 2013, respectively.

**HARTFORD FOUNDATION FOR PUBLIC GIVING
